

Critical Incident Policy and Procedure

Purpose

The purpose of this policy is to outline Wall Street College strategies in managing critical incidents that can influence the performance of students in undertaking or completing their course. This includes:

- Implementing an effective approach in managing critical incidents as they arise
- Initiating and carrying out a process of support following the occurrence of critical incidents
- Evaluating the remedial actions taken to determine its effectiveness and any opportunity for improvement.

The practices followed will be in compliance with Standards 6 of National Code 2018.

Scope

This policy applies to all college's staff members, enrolled students and visitors.

Definitions

College	Wall Street College
Student Management System	Axcelerate
PRISMS	Provider Registration and International Student Management System
Critical Incident	<p>Is defined by the National Code 2018 as a traumatic event, or the threat of such (within or outside Australia), which causes extreme stress, fear or injury. This does not include serious academic misconduct.</p> <p>Critical incidents include but not limited to the following:</p> <ul style="list-style-type: none">• Missing students• Severe verbal or psychological aggression• Death, serious injury or any threat of these• Natural disaster• Issues such as domestic violence, physical, sexual or other abuse• Other non-life threatening events
OHSC	Health insurance for overseas students studying in Australia.

Policy

The college will ensure that:

- It provides and maintains a safe and healthy environment for the benefits of its staff members, students and visitors
- It has a documented process in place to manage critical incidents including incidents that can cause physical or psychological harm of its students
- All written records of any critical incidents including the remedial action taken, are kept for at least two (2) years after the student has ceased to be an accepted student.
